REMARKS

Entry of the attached substitute Figure 1 is respectfully requested. Numbers have been added to the Figure to simplify the identification of each sequence. No new matter has been added.

A diskette is also enclosed which includes the required sequence listing for the above-referenced application. A paper copy of the file is attached.

The content of the attached paper entitled "SEQUENCE LISTING" and of the accompanying identically labelled diskette, specifically the ASCII-encoded file therein labelled "SEQUENCE.LST," is the same. Furthermore, the information contained in the attached "SEQUENCE LISTING" and the ASCII-encoded file is identical to the information filed on June 7, 1995.
